## Lookout

### *Organic Detection, Live Audio and Video*

The NOVO Lookout is a Lightweight, 3 in 1 accessory enabling the following capabilities.

#### Organic Detection

- Assists in identification of the content and nature of an inspected item by providing organic / inorganic detection
- A Colorized X-Ray Image is Automatically Displayed

#### Live Video

- Provides a Live Video stream of the inspected area
- Provides a Still Image that can be grabbed and used for analysis and documentation

#### Live Audio

- Provides a Live Audio stream of the inspected environment allowing the operator to hear the Golden's "clicks" in addition to monitoring the sounds in the surrounding area
- Controlled completely by the NOVO Touch Software
- Compatible with all Golden Engineering sources including the XRS4

*X-Ray Image*

*Organic & Inorganic Detection Image*

*External Still Image (Automatically Stored)*

1.3 lbs. (0.6kg)

## Diagonal Tripod Mounts

The Diagonal Tripod Mount is a lightweight accessory that firmly holds the detector and provides various positioning options.

- Four 1/4" standard threads (for portrait and landscape) for tripod or manipulation arm connection
- Secured connection to the Detector using a safety lock pin
- Numerous positioning options

## Communication Cable

The communication cable provides reliable and fast data transmission between the various system parts.

- Power Over Line for unlimited operation when using an external power source (using the Control Box and Falcon II)
- Maximum of 300m wired operation range
- Lightweight, robust custom reel- connected to the case or as "stand-alone"
- Extension cables of 50m, 100m and 150m

## Armor Kit

The Armor Kit Contains the NOVO Armor, which provides additional mechanical protection to the NOVO Detectors, Armor Stand and a traveling soft cover.

- Newest shock absorbent technology
- Water resistant design
- Supports wired & wireless communication
- Multiple positioning options
- Built-in Tripod Mount with 1/4" threads
- Simple Detector battery replacement

## Soft Protective Cover

The Detector Soft Protective Cover provides additional lightweight protection for NOVO Detectors.

- Additional weather & impact protection
- Special opening for Tripod Mount access
- Various positioning options using a carrying strap or D-Rings
- Supports wired & wireless communication
- Lightweight & small footprint
